

Introduction of CE Workgroup

The Linux Foundation

Role of CEWG

- Bridge between OSS (like Linux) developer communities and embedded system industry who wish to collaborate with those communities.
 - Building the relation of trust and co-creation is so essential to realize the value of OSS
 - However **it is so difficult achieving such ideal relationship solely by any company** because of the diversified, grovel and huge scale of the active OSS communities
- CEWG is a community of people who belong to the industry that wish to become a citizen of grater OSS communities and perform co-creation of innovative software

Activities of CEWG (Event: Japan Technical Jamboree)

- A step to bring Japanese embedded system developers' ideas and challenges to the global community

- Started October 2004, to beheld about 3 month interval, recently
- Counted more than 50 times
- Assembling top notch developers from many companies, universities and more
- Not only for the experts but also novice persons
- Many Japanese developer jumped into the global community, hopping at Jamboree and stepping at ELC

CE Workgroup

Activities of CEWG (Event: ELC / ELC-Europe)

- Embedded Linux Conference (US) and Embedded Linux Conference – Europe are the Linux Foundation hosting events focusing on OSS for embedded system, which CEWG strongly supporting
 - Both ELC and ELC-E are hosted by CE Linux Forum which is the former organization of CEWG
 - Spring time in US and fall timing in Europe
 - More than 500 embedded OSS enthusiasts are getting together for the exiting sessions
 - 2015 is the 10th anniversary year!
